Professor David Roskies
Seminary

Dear David:

You made me feel like a proud father today. Your presentation at the Seminary Forum was fascinating, and were it not for the seriousness of the material, I would say delightful as well. I was deeply impressed by your mastery of the material and your intimacy with every nuance, giving to your audience a sense of the spirited response of the ghetto Jews to the tragedy that befell them.

Thank you again.

Sincerely,

Gerson D. Cohen
