Gentlemen:

Thank you very much for the free copy you sent of the new Shtetl book. In my opinion it is clearly written, interesting and fulfills an important gap in our education system, by enabling us to teach in an exciting manner the roots of modern Jewish life.

Would you kindly send us one free copy of the "Readers Guide" for it? I am seriously thinking about adopting this text book in this year.

Sincerely yours,

CONGREGATION AGUDATH ACHIM
