Dear Dr. Roskies:

Our office has obtained a copy of A Bridge of Longing: The Lost Art of Yiddish Storytelling through Harvard University Press. A review of the book will appear in an upcoming issue of The Brandeis Review, probably in the Spring edition. A Bridge of Longing will be placed among 500 other volumes by alumni in the Alumni Author's Archive, a special collection located in the University library.

In only three years the Alumni Authors Archive has already proven to be of immense value as a resource for current students and as a composite of the University's intellectual history. If you have other past publications that you would like to add to the collection, please send them to my attention, along with a copy of your vita for your alumni file.

Congratulations on your recent publication and best wishes in your future endeavors.

Sincerely,

A handwritten signature in cursive script that reads "Catherine R. Fallon".
