Dear Mr. Roskies:

Just a little note to inform you that I read your very illuminating article in the recent issue of the "PaknTreger" "A Revolution Set in Stone" - It was extremely interesting and reawakened many fond memories of past times. Of course, the misstranlation of my father's Poem "Shtern" caught my eye. I understand that Ida Leivick, my sister-in-law spoke with you in this regard. I am enclosing some material for your use-articles commemorating my father's 30th and 35th Yohrtzeit. I hope that these articles may be of some value to you. I look forward to the publication of your new book: "The Jewish Search for a Useable Past".

Sincerely,

  
Samuel Leivick
