Dear David,

My gratitude for the inscribed copy of your new book goes beyond words. Bridges have many planks. You are among the most important, a vital and authentic link to a stirring slice of our past. In your transmission of the treasure, you are

intensely original, artistic and
inspiring, one of the ornaments
of the Seminary. Your book will
enjoy my summer and long
after.

Gordly,
Vernon

P.S. Abby + I are happy to come
to the reception.
