Dear Mr. Lavitch:-

I received your letter
& believe me I was glad to
get it as I have been
very worried about my brother.

I wrote 2 letters & a
post card to the address
that you gave me, but to
date I have not heard from
my brother directly. However,
I got a receipt from the
post office for one letter
which I sent registered
this was the very first letter
I sent I received no other
response to this from him.

The suggestion you have already made with regard to your friends in Lumbung gives me some hope. and please let me know as soon as possible whatever news you get.

I cannot express the thanks I feel for your kind interest.

Sincerely
L. Pearl

P.S. With kindest & best regards from myself & Mrs. Pearl, I am,
L. P.

About 2 weeks after I received this receipt, I sent another registered letter with the affidavit for him & also advised him that as soon as I heard from him I would send another affidavit for his son & daughter-in-law. Nothing else was in this letter. About a month ago I wrote a Post card, by Air Mail but still I have had no answer.

I would greatly appreciate any suggestion you may give in order for me to locate this letter to my brother, I am very anxious about him & I wouldn't want this affidavit to get into the wrong hands.
