Dear David:

I want to tell you how grateful I am for your trouble in writing to Mr. Artzt. Rabbi Geffen has by no means given up on getting further support from Mr. Artzt for our Yiddish language instruction and bibliographical research here. It is simply being temporarily put on the back burner. I do appreciate the willingness and promptness with which you went to great lengths to write him a persuasive letter. Unfortunately, we cannot win them all.

With profound gratitude and warm regards to your wife, Diane.

Sincerely,
