Dr. David Roskies
The Seminary

I hasten to express my profound thanks for the copy of your new book with its stirring personal inscription. It is a book that will accompany me to Vermont where I shall slowly savor its provocative contents. I suspect that your essays embody much of the Seminary ethos and what has been crucial in my own life. Gershon Cohen, to whom you have so sensitively dedicated the book, played a seminal role in both our lives. I celebrate the renewal of his message.

May you go from strength to strength,

Fondly,
