Here is a more precise formulation of what
might be an idea for an AJS session. See whether
you like it. It could still go in any direction.
Your input is needed. I should like to get Bercovitch
involved; but you may have a better line to
him re AJS than I. At all, you succeeded
once!! And: would the topic interest you at all &
I might like to do some literary thing; I'm not
sure yet what it could be.

I'm reading 8807780 - it's very easy for me. I
didn't think it would be so daytimeish. It's
a lot of fun. I'm keenly reminded of all the
Cessing + Schiller plays which 8807780 resembles
in dramatic techniques (of course it is in no
way as good);

I look forward to coming to your class and to
talking with you.
