Dear Mr. Kovitch:-

I received your letter and card to-day and want to thank you for same. I wrote you in New York but as you know I received no reply & I also tried to call you on the telephone. so when I received your letter I was very glad.

To date I have not heard from my brother although I wrote him the same week that you were here. In spite of this about four weeks ago I sent him the affidavit, for him by Clipper together with a letter, but still ~~if~~ no response.

I have an affidavit for his son & daughter-in-law, but I don't think it advisable to send these until I hear from him.

If you can get him to write to me I will be able to go further with this matter. I cannot understand why I have not heard from him.

(over)

However, if you have any suggestions to make I would be glad to have you write me & I will do whatever I possibly can in order to contact him.

With kindest regards,

I am

Yours Sincerely,

Louis Pearl.
