CABLE ADDRESS: SEMINARY, NEW YORK

January 14, 1980

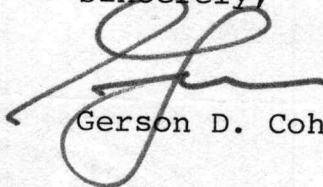

Dr. David Roskies
Seminary

Dear David:

It will not surprise you to know that we are already receiving requests for the paper which you prepared on the ordination of women. As I have said, I feel that all of these papers should one day be published in a volume which will help us, and future generations, to understand the halakhic process as it develops within our Movement.

I am, however, also aware that there are many people who want to grapple with these issues now. It is therefore my suggestion that we make the papers available immediately to selected groups. You may wish to restrict the distribution of your article, and I have enclosed a slip on which you can indicate your preferences. I would appreciate your returning it at your earliest convenience so that we may begin promptly to fill the requests on hand.

Sincerely,

Gerson D. Cohen
