Dear David

ting our great national holi-  
day by slurping a huge  
portion of spaghetti. Here  
I live from pasta to pasta  
the days go by all too quickly.  
what with huge doses of  
sleeping and resting plus  
a bit of painting. The hotel  
is only 1/2 full, less of the car-  
ful, mostly English groups.  
So all is extremely tranquil  
and very quiet. Have had  
along that wave punctuated  
by some rain, thunder and  
lightning storms - most un-  
usual weather. I hope you're  
felice e contento and that  
the personal landscape  
is moving away from the  
edge of the volcano. Have  
a wonderful trip!
