FOUNDING RABBIS

April 3, 1984

Dear David,

There was a time not so long ago, when we met to undertake a project that seemed overwhelming: a liturgy of the Holocaust. It was the wisdom of some that the project would not be accomplished in a single moment, and consequently, we resolved to undertake a series of mini projects.

The first of those mini projects has now been completed. Our thanks, in particular, to Michael Strassfeld for his diligent work, that combined with the resource center staff and the liturgy committee to produce "The Fifth Child."

The next project will be either a ritual of the wedding ceremony or a liturgy and ritual of the High Holidays.

It would be great to have you be a part of this project.
