New York, NY 10025

Dear Shana and David,

It gives me great pleasure to acknowledge your recent grant of \$1,000.00 to CLAL - The National Jewish Center for Learning and Leadership toward the publication of *Nightwords*.

Today, CLAL's impact, made possible by your generous support, is more expansive than ever. It is experienced whenever Jewish individuals find new and exciting ways of connecting with their Jewishness. And it is felt wherever Jewish leaders are building creative, inclusive communities where every Jewish voice is heard and appreciated. It is your support that allows our dynamic, pluralist and thought-provoking faculty to serve as catalysts for Jewish change and creativity.

During the coming year you will receive materials that we hope will give you an overview of CLAL's vision and mission. Please join us on line at www.clal.org or send us your e-mail address so that we can send you our weekly web magazine.

Your contributions are crucial. You are making the difference in Jewish life in partnership with CLAL. On behalf of everyone at CLAL, thank you for your generosity, your commitment to CLAL, and your support for a vital and enriched Jewish future.

Sincerely,

Barbara B. Friedman
Chairman
