Dear David,

We had to rush off to Grand Central after Part I of
the Mlotek memorial, so did not have a chance to tell you

how impressed we were with your talk. It was beautifully
crafted in a high rhetorical tradition that places
Yiddishland among the greatest civilisations, all of them
imagined and preserved by poets and writers, like
yourself. My father was one of its princes
from Lublin and would have
appreciated your tribute to Mlotek.

all the best,
Greta and Mark
